

THE WORLD'S MOST LUXURIOUS MATTRESS

The Diamond Majesty

VISPRING

Luxury Beds - London 1901

LUXURY, GRANDEUR, AND MASTERY
OF TECHNIQUE DEFINE THE
DISTINCTIVE DIAMOND MAJESTY,
THE WORLD'S MOST LUXURIOUS BED.

Elegant quality is brought to life through time-honoured skills passed down over generations: the expert technique of intricate hand-sewing encloses an object of ultimate refinement.

The Diamond Majesty is crafted with the highest quality in every element of construction, from the supreme support that only three layers of individual calico pocketed vanadium steel springs can provide to rare Vicuña wool. The vicuna is the smallest and rarest member of the camelid family, found in the extremes of the altiplano regions of the Andes, whose fleece is considered the most luxurious in the world.

WHAT MAKES IT INCOMPARABLE?

Mattress Cut-through

Divan Cut-through

THE DIAMOND MAJESTY MATTRESS

- Three layers of hand-nested calico pocketed vanadium steel springs.
- Our most luxurious bed is hand-filled with some of the world's finest natural materials: British wool, hand-opened Austrian Moosburger® horsetail, Shetland wool blended with cashmere, silk and bamboo, vicuña, Shetland fleece wool and organic cotton.
- Contrasting piping and tuft petals.
- Mattress border featuring British woven merino wool fabric, shown in dark blue, also available in beige.
- Finest quality ticking.
- Six individual rows of genuine hand side-stitching.

THE PRESIDENT DIVAN

- Solid beech frame.
- Two layers of hand-nested calico pocketed springs.
- Upholstered using the finest horsehair, blended British fleece wool, and cotton.

Choose any headboard from the Vispring collection, including the Grand Berkeley (see image on page 5).
